PROFESSIONAL SUMMARY

Mobile and Web Developer with hands-on experience in software development. Strong communicator and leader, with a track record of contributing in team-based and organizational settings. Experienced in frontend and mobile development, REST API development, database-driven applications, and responsive WordPress/Elementor development.

TECHNICAL SKILLS

Frontend Development: ReactJS, Angular, HTML, CSS, Tailwind CSS

Backend & API Development: Node.js, ExpressJS, REST API development, API integration, authentication, CRUD operations

Programming Languages: JavaScript, TypeScript, Java, Python, C++, C#, PHP

Databases: MongoDB, MySQL, PostgreSQL, SQLite, Supabase

Mobile Development: Flutter, Android Studio, Kotlin

Cloud & Deployment: AWS Amplify, AWS EC2, AWS S3, Vercel, InfinityFree

Development & Design Tools: Docker, VS Code, Visual Studio, Figma, Unity, Blender, Claude, OpenAI, Adobe Illustrator

CMS & Productivity: WordPress, Elementor, Microsoft 365, Excel, Word, PowerPoint, Teams, Zoom, Google Meet

PROFESSIONAL EXPERIENCE

FRONTEND DEVELOPER

Easy Bus PH | Philippines | September 2025 – September 2026

Built and maintained WordPress websites, translating approved design mockups into pixel-accurate, responsive pages using Elementor. Customized page sections and interactive components with custom CSS where Elementor's built-in controls fell short. Ensured pages display correctly across devices and browsers with mobile-first responsive behavior. Reviewed builds against design specifications and applied feedback quickly to meet release timelines.

SELECTED PROJECTS

Literexia | Flutter, MongoDB, ReactJS, JavaScript, Figma, Kotlin, Android Studio, OpenAI, ElevenLabs

Developed a capstone project for dyslexic students with visual impairment, along with assistive tools.

Bulldog Exchange-Web | MERN Stack

Redesigned Bulldog Exchange website using the MERN stack.

Pinkventory — Inventory Management System | PHP, MySQL, HTML5, CSS3

Designed and developed a user-friendly inventory tracking system for businesses with real-time updates and analytics.

Amber — Modernized Website for a Filipino Cuisine Brand | HTML, CSS, JavaScript

Redesigned Amber's website to enhance user experience and modernize its visual appeal.

EcoDex — AI-Powered Plant Identification & Conservation App | Figma

Designed an AI-driven mobile app for plant identification using deep learning and image processing.

Communify — Community-Driven Issue Reporting Platform | Flutter, Figma

Designed a mobile app that empowers citizens to report local infrastructure issues.

Photo Booth Website | ReactJS, CSS, Figma

Developed a website for a photo booth experience.

EDUCATION

Bachelor of Science in Information Technology — Major in Mobile and Web Application

Manila National University | August 2022 – September 2026

CERTIFICATIONS

- Google UX Design Professional Certificate — April 2023
- DataSense Analytics — April 2023
- Data Analytics Using Excel — March 2023
- Cybersecurity Foundations — September 2026
- Cybersecurity Awareness: Cybersecurity Terminology — September 2026
- HTML, CSS, and JavaScript: Building the Web — September 2026
- Designing RESTful APIs — September 2026
- Node.js: Securing RESTful APIs — September 2026
- Git Workflows — September 2026
- Data Analysis with Python — April 2023
- Principles of Python Programming — March 2023
- The Cybersecurity Threat Landscape — September 2026
- Artificial Intelligence for Cybersecurity — September 2026
- React: State Management — September 2026
- Building Modern Projects with React — September 2026
- Building RESTful APIs with Node.js and Express — September 2026
- Database Foundations: Application Development — September 2026
- Database Design Fundamentals — September 2026

ACHIEVEMENTS & EXTRACURRICULAR ACTIVITIES

2nd Place, Ideathon — NU Manila - 2024

InnOlympics — PLM Manila - April 2024

Hackercup — De La Salle University (DLSU) | March 2024

Hackercup — De La Salle University (DLSU) | March 2023

Scholar, Quezon City Youth Development Office Technical

Committee, Google Developer Group NU Hackathon

Committee, Google Developer Group NU

Vice Operations Officer, AWS Learning Club Legarda Youth Volunteer
